- 2) Submit a photo of yourself, headshot preferred, in jpeg format with your application electronically or within 3 days of selection.
- 3) Be selected to participate by Legacy.
- 4) Create and build an item from Legacy’s salvaged materials within 30 days of selection or later as determined by Legacy and deliver the item to Legacy within the determined time period. The item must be mostly composed of Legacy salvaged materials and may include repurposed items. The item will be the property of the HWF Legacy project.
- 5) List salvaged materials and other materials used; for other materials, specifically identify type and amount used and include costs.

After creation of their item and delivery to Legacy, the selected Artist will be recognized in a write-up posted at Legacy, and photos of the item and artist will be included on the HWF webpage, Facebook and Twitter for 30 days and in other promotions as determined by HWF.
